PLEASE KEEP THE FOLLOWING POINTS IN MIND WHEN PLANNING A SPECIAL EVENT:

- What is the date/time of the event? There are usually more parking spaces on campus in the evening, on Fridays, between semesters, and on weekends. The Fall semester is generally the most busy time on campus.
- Are other types of events taking place at the same time? Check the campus events calendar before setting the date for your event. Major events may impact the type of room or venue you choose.
- Remember to reserve enough time to include set-up before and after the event including catering requirements. Depending on the number in your group, it might take up to an hour or more for both set-up and break-down of the room.
- Audio-visual and network capabilities will make a huge difference in room selection. Contact Media Services at 4806547705 with any questions or to discuss your needs.

- ***For organizations wishing to hold a special event on campus:*** An organization may use MCC's facilities to hold an event if the event is sponsored by a college academic or administrative unit or is approved by the Facilities Coordinator at 480-654-7702. Sponsorship of an event by a relevant college academic or administrative unit implies that the event is consistent with the teaching, research, and/or public service mission of the college. A Facilities Request form must be completed and submitted to the Facilities Coordinator by all organizations desiring to use MCC's facilities.
