

EAT

Imagine having extra money to eat more than mac and cheese, Ramen noodles or peanut butter and jelly sandwiches. At MCC the average cost per credit hour is \$65* – a whole lot less than you're used to. So you can save money and dine on something that doesn't come in a box.

SLEEP

If your class schedule came back with a 7 a.m. class and you just can't get out of bed that early, then check out our class times at MCC. We're only 15 minutes away, and we have FREE PARKING, so you can arrange classes to fit your busy schedule. Or take one of our on-line classes and just stay in your pajamas all day.

LEARN

Core classes from MCC easily transfer to ASU towards your degree. If you are looking for smaller classes and more personal attention from caring, qualified faculty then we've got you covered. We also offer late start classes and courses between the Fall and Spring semesters – called Winter Intersession. Research all your options on-line or call 480-461-7700.
