

SOC GOALS 2008-2009

1. Select survey administration software that is reliable, cost-effective and suitable to MCC's college-wide assessment needs now and for the foreseeable future.
2. Select and convert an existing assessment instrument for online delivery, using the selected survey administration software, and pilot the measure online as part of the Spring 2009 Student Assessment Week activities.
3. Increase the promotion and visibility of ROC grants, to increase faculty responsiveness, via printed advertisements, newsletters, department visits by the SOC Chair, Dean of ORP, and other SOC members.
4. Identify and develop new analysis and reporting formats to make Assessment Week findings more accessible/useful to MCC faculty.
5. Articulate and adopt new procedures for the regular review of existing outcomes measures.
6. Pilot test a new Global Awareness outcomes instrument.
