

Voters that do belong to a party having a primary election are NOT eligible to request another party's primary ballot, and must vote their own party's ballot.

CASTING EARLY BALLOTS:

There are three ways to cast an early ballot, but in all instances the ballot should be returned sealed within the special envelope provided for this purpose, and signed on the outside where indicated.

1) Return by Mail

The easiest method is to send the ballot in through the mail using the special envelope provided for this purpose. Just make sure to send it early enough to arrive by the date of the election, otherwise:

2) Deliver to the County Election Office

Beginning 33 days before the election, voters may drop off early ballots to one of the County Election Offices listed below:

Downtown Phoenix
111 S 3rd Ave
510 S 3rd Ave

Southeast Valley
222 E Javelina, Mesa

3) Turn in at a Polling Place

On the day of the election, voters can drop off early ballots at any polling place.

SECURITY MEASURES:

Every early ballot that is cast must be sealed within its special envelope and signed on the outside. The signatures on the outside of the early ballot envelopes are compared against the signature on the voter registration form for each and every voter. Every early ballot is verified by County Election workers trained in signature analysis by the FBI.

SO WHY VOTE BY MAIL?

Early ballots give voters a safe and convenient way to participate in elections while eliminating many of the difficulties that may arise on election day and make it more difficult or impossible for some voters to get to the polls. Voting by mail also gives voters the opportunity to spend more time considering the choices available to them and to feel comfortable with their choices – so give it a try!

A Citizens' Guide to Early Voting

Produced by the Maricopa Community Colleges
Center for Civic Participation
and the Maricopa County Elections Department

DEFINITION:

Early ballots, mail-in ballots, absentee ballots, ballots-by-mail... these are all just different ways of referring to the same thing – an official ballot for any given election that can be sent to a voter in the mail before the date of an election. The ballot can be mailed in or dropped off in person (see “Casting Mail Ballots” below).

ELIGIBILITY:

Any registered voter may request an early ballot and vote by mail. There is no need to indicate any reason or justification for doing so.

EARLY BALLOT TIMEFRAME:

Ballot Requests:

Voters can request mail-in ballots as early as 90 days prior to an election, and up to the 2nd Friday before the election.

- ☑ **Friday, Sep. 2, 2005** is the last day to request early ballots for the September 13, 2005 election
- ☑ **Friday, Oct. 28, 2005** is the last day to request early ballots for the November 08, 2005 election.

Ballot Submittal & Deadline:

There is no official “cut off” date for mailing in ballots, but they will only be counted if received by the County Elections office by 7 p.m. on Election Day, regardless of the postmark. Ballots can also be dropped off in person (see “Casting Mail Ballots” below).

HOW TO REQUEST AN EARLY BALLOT:

There is no option to permanently sign up to receive ballots by mail. Therefore, voters that wish to vote by mail on a regular basis must submit early ballot requests prior to each election. However it is possible to submit one request to vote by mail for the primary and general election of a given year together in the same request. Early ballots can be requested a number of ways:

BY PHONE: Call the Maricopa County Elections office at **(602) 506-1511**.

This option is only available if the ballot is to be sent to the address listed on the voter registration form. If the ballot is to be sent to another location, the voter must request the ballot any of these other ways:

ONLINE: Go to <http://recorder.maricopa.gov/earlyvoteballot/>

IN WRITING: Voters can mail-in an early ballot request, but it must contain, at a minimum:

1. Full Name
2. Address
3. Birth Date
4. Signature
5. Election for which ballot is requested
6. Independent Voters & Members of Non-Recognized Parties ONLY must specify the party ballot they wish to receive (See “Arizona’s Open Primary Law & Early Ballots”).

Early Ballot Request cards are available from the County Elections office in bulk and cost \$4 per packet of 250 cards. However, use of these cards is optional - any written request that contains the information listed above is a valid request.

BY FAX: Send a fax request to Maricopa County Elections at **(602) 506-3069**.

Voters can fax-in an early ballot request, as long as it contains the information listed above, including a signature.

ARIZONA’S OPEN PRIMARY LAW & EARLY BALLOTS:

Primary elections are elections held by members of political parties to choose candidates to represent each party on the general election ballot. In the past, only members of any given party could vote in that party’s primary election. Voters that didn’t belong to a party holding a primary election were therefore not eligible to vote in primary elections.

Arizona’s Open Primary Law allows all voters to participate in state primary elections, whether or not they belong to any of the parties that will be holding primary elections. This includes voters that are not members of any political party (unaffiliated voters) as well as voters that are members of political parties that are not recognized in Arizona. These voters may vote at the polls or may request an early ballot for the primary election. However, they **MUST** specify a political party for which ballot he or she wishes to vote in the primary election. This does not have the effect of changing that voter’s party affiliation.
